

Information Disclosures under Basel III Capital Requirement As of 30 June 2022

Scope of Information Disclosure

TISCO Financial Group Public Company Limited (TISCO) discloses information under Basel III capital requirement based on the full consolidated position and in accordance with the Bank of Thailand's notification SorNorSor 15/2562 on the regulatory disclosure requirement for consolidated financial institutions (2nd edition). The full-consolidation structure of TISCO Financial Group can be shown as follow.

*Listed in The Stock Exchange of Thailand

However, TISCO Tokyo Leasing Co., Ltd. is not included in the consolidated financial statements since its shares are held by TISCO Group in a ratio of less than 50% of issued and paid-up shares. In addition, TISCO Group adopts a materiality concept which is in consistent with accounting concept.

6A	Fully Loaded ECL Tier 1 Ratio	18.18	18.56
7	Total Capital Ratio	22.15	23.18
7A	Fully Loaded ECL Total Capital Ratio	22.15	23.18
Capital Add-On Ratio (%)			
8	Conservation Buffer Ratio	2.50	2.50
9	Countercyclical Buffer Ratio	-	-
10	Higher Loss Absorbency	-	-
11	Total Capital Add-on Ratio	2.50	2.50
12	Remaining CET1 Ratio after Minimum Total Capital Ratio Requirement ^{2/}	11.18	11.56

^{1/} Expected Credit Loss (ECL) under The Thai Financial Reporting Standard No. 9 (TFRS 9) adoption

^{2/} Remaining CET1 ratio after minimum total capital ratio requirement is not necessarily equal to the difference between CET1 ratio in item 5 and the minimum CET1 ratio requirement at 4.5% since CET 1 ratio might already be included in the minimum Tier 1 ratio requirement at 6% and/or the minimum total capital ratio requirement at 8.5%.

As of 1 January 2020, the amount of allowance for expected credit loss (ECL) as determined in accordance with TFRS 9: Financial Instruments was lower than the amount of allowance for doubtful accounts as of 31 December 2019 as determined in accordance with the former accounting policy by 2,113 million Baht, which had been released in quarterly basis within 2 years under straight-line method, in line with the Bank of Thailand's guideline, and was completely released at the end of 2021.

Capital Structure

According to the Bank of Thailand's regulation, the regulatory capital for commercial banks registered in Thailand and based on Internal Rating Based Approach (IRB) consists of Common Equity Tier 1 (CET1), Additional Tier 1, and Tier 2 Capital. CET1 capital includes paid up capital, premium (discount) on share capital and warrants, statutory reserve, reserves appropriated from net profits, net profit after appropriation, and other components following the Bank of Thailand's regulation, which are the net amount after regulatory adjustments such as goodwill and intangible assets, where Additional Tier 1 capital consists of money received from the issuance of non-cumulative preferred stocks and money received from the issuance of debts instruments that are subordinated to depositors, general creditors, and other subordinated debts of the Group, which are the net amount after regulatory adjustments such as reciprocal cross holding in the Additional Tier 1 capital of banking, financial and insurance entities.

Tier 2 capital is the sum of instruments issued by the bank which meet the criteria for inclusion in Tier 2 capital, general provision and surplus of provision, less any deduction from Tier 2 capital.

For TISCO Group, Tier 1 capital primarily comprises of paid-up share capital and cumulative profit after appropriation, while Tier 2 capital mostly consists of long-term subordinated debentures issued. Additionally, the deductions from shortage of reserve are also incorporated in Tier 1 capital.

2.4 General provision	717	714
2.5 Surplus of provisions	727	705
2.6 Deductions from Tier 2 ***	-	-
3. Total Regulatory Capital	39,545	40,481

* e.g. Net losses, goodwill, intangible assets, deferred tax assets, and shortfall of provisions

** Investment in financial instruments which can be counted as Tier 1 Capital of commercial bank

*** Investment in financial instruments which can be counted as Tier 2 Capital of commercial bank

Capital Adequacy under Basel III Capital Accord

Based on minimum capital requirement under Basel III effective since the beginning of 2014, TISCO Group has adopted the Internal Rating Based Approach (IRB) for regulatory capital calculation of credit risk since December 31, 2012. The IRB approach is considered more sophisticated calculation given that it can truly reflect TISCO Group risk profiles as well as assets quality with more prudent than the calculation from the Standardized Approach (SA) which is less comprehensive risk weights subject to quality of assets. The risk parameters relied on determining the capital requirement consists of Probability of Default (PD), Loss Given Default (LGD), and Exposure at Default (EAD).

Capital adequacy of the TISCO Group is still in strong position and adequate to support business expansion into the future. At the end of June 2022, the regulatory capital adequacy ratio (BIS ratio) based on IRB approach stood at 22.15%, remaining higher than 11% required by the Bank of Thailand, while Tier-I capital adequacy ratio stood at 18.18%, which remained higher than the minimum requirement at 8.5%.

3. CET 1 Capital Adequacy Ratio	18.18%	7.00%	18.56%	7.00%

Market Risk

An effective market risk management has been established by adopting the risk management policy approved by the Risk Management Committee, supported by enterprise risk management function in order to ensure appropriate application of the policy in all functions.

In accordance with the market risk capital requirement based on the Bank of Thailand's rules and regulations, since the trading book position of TISCO is still below the minimum thresholds, TISCO is required to maintain its capital to support the market risk only for the element that cover the price risk of commodities related product. However, internal market risk assessments including all positions related to price and interest rate change has been performed to ensure the effective market risk management still in place.
